Serial No. 10/816,449
Response to Official Action

In the Drawings

Please amend FIGS. 1-6 of the drawings as indicated in the replacement sheets enclosed hereto.

Remarks

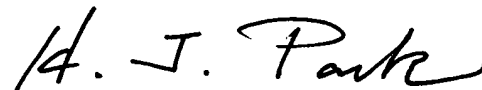

The present application was allowed by the Official Action dated June 6, 2006 except formality objections pending in the drawings, which are to be corrected under the *ex parte Quayle* practice.

By the foregoing Amendment, the drawings are amended to address the objections of the Examiner. In particular, some of the components shown in the drawings are labeled with names in order to facilitate better understanding of the present invention even though such components are well described in the specification as originally filed. No new matter is added thereby. Entry of the Amendment and favorable consideration thereof is earnestly requested.

It is respectfully submitted that the present application is now in order for allowance, and early notice to that effect is respectfully requested.

Respectfully submitted,

July 28, 2006
